

**Military Analyst/Instructor**  
**Navy Expeditionary Warfighting Development Center**

**TO APPLY FOR THIS POSITION, SEND YOUR RESUME TO**  
[\*\*RESUME@PREVAILANCE.COM\*\*](mailto:RESUME@PREVAILANCE.COM).

**SUCCESSFUL CANDIDATES WILL HAVE RESUMES THAT CLEARLY DEMONSTRATE THE EDUCATION, EXPERIENCE AND SECURITY CLEARANCE REQUIREMENTS LISTED BELOW.**

**Overview:** Provide support for

- Execution of Navy Expeditionary Warfighting Development Center (NEXWDC) phase training;
- Navy Expeditionary Staffs performance evaluation in integrated/advanced training events; exercise development and planning in support of Fleet and training/assessment exercises;
- Expeditionary Warfare (EXW), Irregular Warfare (IW), Construction (CON), and Anti-Terrorism/Force Protection (ATFP) tactics analysis, review and standardization;
- Navy Expeditionary concepts review and proof of concept in fleet exercises;
- Mission area effectiveness assessments, and gap identification and analysis.

**Place of Performance:** Virginia Beach, VA and San Diego, CA

**Description:**

Support design, development, refinement, and execution of training exercise scenarios in order to train and assess Commander, Navy Expeditionary Combat Command (NECC) unit(s)' ability to effectively execute its combat mission in a MCO environment. These modes of events and exercise include, but are not limited to, an Integrated Exercise (IEX), FST exercise and, when scheduling permits, culminate with participation (synthetic or live) in a JTFEX for Carrier Strike Groups (CSGs) or an ARG/MEU CERTEX. Conduct unit(s) performance assessment and provide findings to the Training Officer (N7). The exercise and assessment end-state is the training audience's demonstration of operational staff planning, and command and control Navy Mission Essential Tasks (NMET) capabilities/proficiencies during an integrated/advance exercise. Exercises may be NECC controlled or non-NECC controlled exercises -- Fleet, Joint and/or Coalition/Multi-National exercises; exercises may be live, virtual, constructive or a combination thereof. Support to develop, refine, and execute exercise scenarios aimed at assessing Experimentation and Concept of Operations (CONOPS) initiatives. Provides various types of management and technical support to a wide range of projects including training and readiness assessments.

**Civilian Education:**

Completion of a bachelor's degree preferred.

**Military Analyst/Instructor**  
**Navy Expeditionary Warfighting Development Center**

**Military Education:**

Completion of one of the following:

- Graduate of Military/Service Instructor Course.
- Completion of an accredited and state approved teaching certification program and possession of a teaching certificate.
- Completion of military/service operations center and/or staff planning course.

**Military Experience:**

Requires a broad knowledge of military training and readiness assessment concepts, practices, and procedures. Requires a minimum of ten years US military active service which includes units of action and operational staff experience; and three years of experience in military training and education focused on senior enlisted personnel, junior officers and senior officers or equivalent. Shall have participated in deployment and/or employment of NECC type forces or equivalent type forces. Shall have familiarity with command and control systems NECC battle staffs utilize or will likely utilize when deployed with a non-NECC force, i.e., Global Command and Control System-Navy (GCCS-N), Blue Force Tracker, etc. Shall have recent (within the last five years) and relevant Navy training systems, processes and instruction. Requires a thorough doctrinal and practical understanding of an Operations Center setup, tactics, techniques and procedures. Requires a general doctrinal and practical understanding of staff functions and command and control at the unit (battalion, aviation squadron, ship, etc.) and group (brigade, afloat squadron, regiment, etc.) level; the Military Decision Making Process, the Navy Planning Process, the Marine Corps Planning Process, and/or the Joint Operational Planning Process. Requires a thorough understanding of Mission Essential Tasks based unit assessment.

**Military/Navy Community Experience:**

Experience in at least one or more of the following:

- Naval Construction
- Navy Expeditionary Logistics
- Explosive Ordnance Disposal (EOD)
- Coastal Riverine
- Navy Expeditionary Intelligence
- Navy and Naval Expeditionary operations
- Amphibious operations
- Combat Service Support
- Expeditionary Mine Counter Measures (MCM) operations
- Anti-Terrorism Force Protection (ATFP)

**Security Clearance:**

Possess the ability to obtain/maintain a Secret security clearance.
