REQUIREMENTS LISTED BELOW.**

Overview: Provide support for

- Execution of Navy Expeditionary Warfighting Development Center (NEXWDC) phase training;
- Navy Expeditionary Staffs performance evaluation in integrated/advanced training events; exercise development and planning in support of Fleet and training/assessment exercises;
- Expeditionary Warfare (EXW), Irregular Warfare (IW), Construction (CON), and Anti-Terrorism/Force Protection (ATFP) tactics analysis, review and standardization;
- Navy Expeditionary concepts review and proof of concept in fleet exercises;
- Mission area effectiveness assessments, and gap identification and analysis.

Place of Performance: Virginia Beach, VA and San Diego, CA

Description:

Support design, development, refinement, and execution of training exercise scenarios in order to train and assess Commander, Navy Expeditionary Combat Command (NECC) unit(s)' ability to effectively execute its combat mission in a MCO environment. These modes of events and exercise include, but are not limited to, an Integrated Exercise (IEX), FST exercise and, when scheduling permits, culminate with participation (synthetic or live) in a JTFEX for Carrier Strike Groups (CSGs) or an ARG/MEU CERTEX. Conduct unit(s) performance assessment and provide findings to the Training Officer (N7). The exercise and assessment end-state is the training audience's demonstration of operational staff planning, and command and control Navy Mission Essential Tasks (NMET) capabilities/proficiencies during an integrated/advance exercise. Exercises may be NECC controlled or non-NECC controlled exercises -- Fleet, Joint and/or Coalition/Multi-National exercises; exercises may be live, virtual, constructive or a combination thereof. Support to develop, refine, and execute exercise scenarios aimed at assessing Experimentation and Concept of Operations (CONOPS) initiatives. Provides various types of management and technical support to a wide range of projects including Theater and Joint Task Force (JTF) logistics training and readiness assessments.

Civilian Education:

Completion of a bachelor's degree required, graduate degree preferred.

**Operational Logistics Instructor/Planner
Navy Expeditionary Warfighting Development Center**

Military Experience:

Requires a minimum of ten year US military active service experience in logistics planning operations for the deployment and employment of ground combat, aviation, supporting arms, and/or combat service support units and related equipment. Requires a thorough and practical understanding of Theater and JTF logistics processes. Requires a general understanding of Maritime Prepositioning Force (MPF), sea-basing concepts, and amphibious operations as they apply to NECC Forces. Minimum three years demonstrated knowledge of military doctrine, tactics, and command relationships at the operational command level as measured by actual operational force employment experience.

Direct participation in real world operations is desired.

Security Clearance:

Possess the ability to obtain/maintain a Secret security clearance.
